Verse 1

In a Trini explosion, if yuh see commotion, pang pa dang pang
 Mama dat was something to see
 Trinbago in confusion, with thousands of panmen, pang pa dang pang
 Everybody ramajaying
 I thought was an earthquake, but I made a mistake, pang pa dang pang
 When dem pan men come out to jam, jam, jam
 If yuh see dem how they masquerading
 Dem pan men and all dem pan women
 Explosion was near fatal so I join dem in de band
 With meh pan sticks and dem in meh hand
 I playing for any band
 The world's greatest orchestra jamming sweet
 We had masqueraders on deh feet, with a Trini explosion.

Chorus

Pan Pan, Pan Explosion, Pan Pan, Pan Explosion
 Watch it how we coming, we go paint the town in red, Pan Explosion!
 Pan Pan, Pan Explosion, Pan Pan, Pan Explosion!
 Pan, Pan, Cyar stop we at all
 Hey! Play de pan, play de pan, Mister pan man, cyar stop we at all
 Play de pan, play de pan, Play yuh pan man, cyar stop we at all, Hey!

Verse 2

After the explosion, it had repercussion, pang pa dang pang
 Well like people just went crazy
 San'do to Port of Spain, strange things was happening, pang pa dang pang
 What I see had meh uneasy
 Down in Marabella, the women take over, pang pa dang pang
 How they control the jam session, 'sion, 'sion
 Was a pan side wid only woman
 De man and dem was pushing de pan
 Masqueraders up in ecstasy, Ah hearing ah sweet melody
 Like dis pan side come from outer space, Intergration had no disgrace
 It had Indian, Black, White and Chinese
 They were playing in one harmony, in this Trini Explosion.

Chorus

Verse 3

They find a solution, to end this confusion, pang pa dang pang
 Yes they concoct an antedote
 These doctors of music, they really terrific, pang pa dang pang
 Check out de idea they come up with
 Mix town band with South Band, that should ease the tension
 Yes dat is what we talking about, 'bout, 'bout
 Bring Renegades, mix them with Hatters
 Bring Phase Two, mix them with Skiffle Bunch
 Desperadoes, between you and me, we go send them Sipari'
 Bring Exodus, mix them with Fonclaire, then Explosion going to clear de air
 Then we form a National Orchestra
 That should cool the pan temperature, of this Trini Explosion.
