Verse 2:
When Kitchener sang: 'No Pan'. in nineteen eighty my friend,
He lamented for more money for panmen and pan women.
Pan - Pan - Pan - Pan,
Was the Steelbands without a doubt dat had the people going crazy.
In dat era it was plain to see.
Yes it was Kitchener and Sparrow all de bards of Calypso.
It was pan on de road; taking de load
Pan on de road again we say, pan on de road again. **[CHORUS]**

Verse 3:-
No more brassorama in town, dat gone through long time ago.
We still have Panorama with music jamming for so
Pan - Pan - Pan - Pan,
SuperBlue was de las' hero with Soca Baptist he start jamming.
Now Machel and Bunji are de Kings.
But it was Kitchener and Sparrow, tings change up now we know
It was pan on de road, taking de load.
Pan on de road again we say, pan on de road again. **[CHORUS]**
